a. Procedure

- i. Student receives a failing grade (69 or below) on a unit test.
- ii. **Student will ask for a remediation plan for the test from his or her teacher.**
- iii. Teacher will pull the online Nova Net or other online resource sections for the student to complete during Saturday remediation.
- iv. Teacher will notify the Saturday remediation teacher of the assignments that need to be completed by the Wednesday prior.
- v. Student will complete the online study portions and appropriate quizzes prior to the Saturday remediation class. Student should plan on each objective taking 45 minutes.
- vi. Students cannot take their tests until Saturday under the supervision of the remediation teacher. If a test has been taken prior to the Saturday remediation the first test score will remain.
- vii. Student will attend the Saturday remediation sessions from 8 to noon in room 208.
- viii. The remediation program is offered the first and third Saturday of the month.
- ix. Student will show all notes to the Saturday remediation teacher.
- x. Saturday Remediation teacher will check quiz grades. If all work indicates that the student has been successful, the teacher will approve the student to take the first test.
- xi. A student **MUST SCORE AN 80** to get credit on ALL test sections.
- xii. If a student scores an 80 on all tests assigned, the Saturday remediation teacher will notify the student's teacher that all tests were 80 or higher.
- xiii. The remediation teacher will notify the student's teacher of the scores, and those that pass with an 80 or better will have their failing test grade changed from the failing grade (69 or below) to a 70.
