International Foods Project

OBJECTIVE: *Students will create a Power Point presentation on an International Country. Students will present their power point to the class and will also prepare a dish from their chosen country.*

Slides must be in the following order, although you may have more than 12 slides, as some require more information:

1. Title Slide (Name of country, Student Names)
2. Flag of the country (with a detailed description of the colors, symbols, etc.)
3. Map of the country with a description of its location in the world (include continent, major bodies of water, and surrounding countries)
4. Four statistics about the population (ex: men, women, children)
5. Describe the typical way of life; urban and rural (3 bullet points for each). These should include things like types of housing, transportation, employment, etc.
6. Food and drink typical of the country (what they are famous for) **MUST INCLUDE AT LEAST FIVE FOOD OR DRINKS THEY ARE FAMOUS FOR WITH A PICTURE and DESCRIPTION OF EACH!!!**
7. Recipe-put a picture of the one you will prepare for the class on the slide. You do not need to include the actual recipe on the slide.
8. Celebrations/religious events - name and describe **two** in detail (include the day it is celebrated on, typical events/traditions, food, ceremonies, etc.).
9. Climate throughout the year (including the change of seasons)
10. Popular forms of recreation (name **and describe** at least two).
11. Include a picture **and** description of **FOUR** famous landmarks of the country.
12. Bibliography (this must include every website that you used for information. You may not use Wikipedia as a source).
13. The last slide(s) will be a FIVE QUESTION QUIZ about your presentation. Questions must be from the information on your power point.

Note: All information on the slides must be put into your own words. If you copy and paste information from the web, you will be marked down significantly for plagiarism.

Oral Report

1. You must have a script to read from during your presentation that will be turned in and graded. I recommend doing your script on Microsoft Word. If you are working with a partner, you must indicate on your script which of you is responsible for reading each slide.
2. Use your power point presentation to instruct the class on your country. If you are working with another student, each of you **MUST** present half of the information to the class.
3. **ALL POWER POINTS MUST BE EMAILED TO ME NO LATER THAN Sunday, June 1st.** Ten points will be deducted for every day that it is late.
4. You will bring in one prepared food item from your country that is due on the assigned date of your presentation.
5. Presentations should be no longer than 10 minutes in total length, and **NO SHORTER** than 5 minutes.

Grading

You will be graded on:

1. Organization
2. Group participation and cooperation
3. Power point report presentation (as an individual and as a group)
4. Script
5. Quiz at the end of the presentation
6. Food prepared

Best source to begin with: ***World Book Millennium 2011***

The food dish is worth 30 points, and will be entered as a separate grade. You are encouraged to make the dish from scratch at home, but if that is not possible, you may also purchase a food from that country. All food dishes are due on the day of your presentation, and should be dropped off in my room before school starts (on the day that you are presenting).
